

We provide a **quality leaflet distribution** service for businesses, local government & other organisations wanting to promote themselves cheaply and effectively within Greater Manchester. Whether you're looking at leaflets for the first time & need a guiding hand or a seasoned direct marketer looking for an honest & reliable service provider, we'd welcome a chance to chat.

The operation has been developed & refined over the last 9 years to provide an outstanding distribution service. Delivery is carried out by **reliable, mature & supervised adults**, not children and is never delivered hidden in newspapers nor are competitive leaflets delivered together. Distribution volumes are flexible to suit with **no minimum quantity !!!**

To compliment the distribution service we also offer general advice & consultancy, profiling & targeting and artwork & printing services. Urgent leaflet printing is handled on site with anything from a form to a rush leaflet job printed at speeds of up to **24,000 per hour !!** Duplication print jobs can be on the presses within 10 minute of receiving artwork, even 'out of hours'. that said, it would always be nice to have a little more notice, if possible.

Although door to door or letterbox delivery is our main business, we'll gladly handle face to face work as well, whether it be exhibition or street work. Please note; Legislation is in place to fine anyone handing out leaflets within Manchester City Centre, the Student areas or the City of Manchester Stadium, without a license, permit & each distributor badged. .. Please be aware the client is responsible if the flyer team does not have the correct permits!! [**Maximum Fine £5000**]

Bespoke contracts are also undertaken such as exhibition support, sample distribution, magazine & catalogue delivery and drop & collect work in fact, if it entails getting printed material direct to your prospects talk to us, we'd be glad to help.
